### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Harris Pitlick on 11 May 2004.

The application has been amended as follows:

In claim 1, line 6, please delete —only—

In claim 1, line 7, please delete —an ester group—

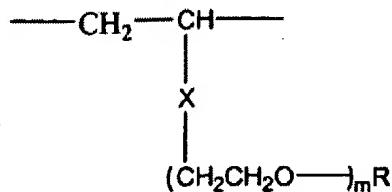

In claim 5, line 6, please delete —only— and —an ester group—

### ***Allowable Subject Matter***

Claims 1-9 and 18-31 allowed.

The following is an examiner's statement of reasons for allowance:

The examiner's amendments deleting the word —only— removes new matter from applicants' specification and claims. The deletion of the phrase "ester group" from the possible moieties bonded to the 'B' segment of the claimed block copolymer overcomes the nearest prior art of Giles et al., US Patent 5,196,484. Giles et al. recite ester and methylene linkages, and combinations thereof, for the 'X' group in the structure shown below,

but do not suggest carboxyl, hydroxyl, sulfonic, amino or cyclic carbonates as part of the pendant groups on the block copolymer backbone. (See Giles et al., column 20, lines 5-21 and column 20, line 66 – column 22, line 12.) Therefore, applicants' claims are distinguished from the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
